

Date Purchased _____ Machine Serial No. _____

Options _____

The key number system in this parts book is arranged as follows:

- ◎ - Key numbers with two circles denotes main assemblies.
- - Key numbers with one circle are individual parts

Please order parts by number

**EURO REEL ▪ 198-00-00-000****PRE OPERATION CHECKLIST:**

1. Ensure all hydraulic hoses and fittings are in good condition.
2. Check wheel nut tension and tire pressure.
3. Check chain tension and adjust if necessary.
4. Apply grease to all grease fittings.
5. Check field for any sharp objects.

OPERATING INSTRUCTIONS:

1. Stop tractor before attempting to service machine in any way.
2. Reel must be attached to Tractor while in operation. Always apply brakes while reeling in, and an operator must be present in tractor at all times while the reel is winding in/out.
3. Never try and wind up more than 660 feet of hose on one pull. Never try to pull a full hose, ensure hose is empty before pulling in.
4. Always back the Husky Hose Reel up to get a few wraps around hose drum before pulling hose tight, otherwise it will pull the end off of the hose.
5. While spreading/injecting the manure always make tight turns with tractor. If too wide a turn is made, hose may flip over and coil up.
6. When spreading manure with drag hose always have an operator at high pressure pump to shut down if hose breaks, or have a radio controlled kill switch on pump tractor to avoid spills.
7. If spill does occur and there is a danger that water ways will be contaminated, contact authorities **Immediately**, they will help direct the clean up. In Canada call 1-800-268-6060
8. Never enter a tanker without special breathing equipment to supply oxygen. **Manure gas can Kill** instantly. One breath of Hydrogen Sulphide can Kill.

GUARANTEE

All Husky Farm Equipment manufactured by Husky Farm Equipment Limited is guaranteed. Guarantee covers all the replacement cost or repair of all parts said to be defective from manufacture. Guarantee also covers labour installing said parts, if installed at Husky Manufacturing plant. Time and use is the essence of the guarantee. If equipment is used on a private property for an individual's use, guarantee will be in effect for twelve months from date of invoice. If equipment is used for commercial use to do custom work for money then guarantee will be in effect for three months only from date of invoice.

EXEMPTIONS FROM GUARANTEE

Cost of transportation of equipment to or from Husky Farm Equipment Limited either by customer or by Husky's service staff or cost of mail or public transportation is not covered. Tires and electric or hydraulic motors are covered by manufacturer's warranty and although Husky may assist to get warranty, Husky will not be responsible other than that allowed by manufacturer's warranty. Items subject to normal wear from use not covered by guarantee if faulty part is simply worn.
